SIMPSON AND THE STRIKERS.

Congressman Jerry Simpson of Kansas, who has been represented by the Gold Trust organs as the "sneaky statesman," who goes about with firebrands worked on his coat tails and war on his brow, preaching anarchy and communism, visited Brooklyn, New York, during the recent strike and was called on by the strikers to make a speech. He said among other sensible things:

"The man who disobeys law or sets it at naught is an anarchist. Bad laws are disagreeable, but the way to get rid of them is to legislate them out of existence. I never approved of strikes. They are too costly, and often productive of a long train of evils. The workmen outnumber the employers by an overwhelming majority, and if they so wish at they can run this Government just to suit them and mold laws in their own interest."

"There is not much anarchy or communism in that. It is the essence of common sense and that is more objectionable to the Wall Street gang than anarchy. The anarchist may be arrested or shot down if he attempts to enforce his peculiar ideas, but the man who talks common sense and tells the people whose interests are identical, that they can run the Government and make laws in their own interest if they vote together, cannot yet be arrested for treason, much as he may be detected by the oligarchs."

Every man in Congress knows that it would benefit the country to enforce the Interstate Commerce act, to make trusts and corporations, as well as individuals comply with the laws, to coin silver instead of issuing interest-bearing bonds, but it is against the private interests of many of the members to have such things done, and the people, by dividing their votes between the Democrats and Republicans, who wink at the outrages, but do nothing to prevent them, virtually encourage them in running the Government in the interest of favored ones as has been done for years.

FARES AND FREIGHTS.

There are a few railroads within the State over which the Legislature has complete control, as they received their charters from the State and are amenable to the laws of the State. Among these are the Elgin & Palisade, the Nevada Central and the Virginia & Truckee. All these roads charge high rates for transportation of persons and merchandise, but two of them run trains only three times a week, because of lack of patronage. The third, the Virginia & Truckee, runs daily trains and is, presumably, doing business that warrants a daily service. The Carson Appeal says this company is charging ten cents or more a mile, and it calls on the Legislature to advocate a reduction of fares and freights on the road.

It should not be necessary for the Appeal, the Enterprise or any other paper to advocate a reduction of fares and freights if the present rates are exorbitant on any railroad chartered by the State of Nevada, as it is the duty of the Legislature to make such reductions when the conditions warrant it in doing so. These roads are required by law to make annual reports to the Secretary of State. If their profits are more than they should be the Legislature should reduce their rates. This it can do without memorializing Congress. An investigation will readily show what should be done in the premises. Rates should not be reduced unless there is occasion for the reduction, and the Legislature if disposed can readily ascertain if this occasion exists. Ten cents a mile is all that stage lines charged in flush times and railroads are supposed to furnish cheaper transportation than stage companies.

BECK'S PRINTING BILL.

The bill introduced by Assemblyman Beck relating to public printing provides that it shall be let by contract to the lowest bidder the same as other county work. This has been done in many counties in the State under the present law. It is not unjust to any one and it cannot injure the taxpayers, as it provides that no bid at a higher price than is allowed by law shall be considered. Physicians are invited to bid to furnish medical attention and medicines to indigents and merchants send in proposals for furnishing supplies to public institutions. Almost everything done for the county is open to competition and there is no good reason why the public printing should not be.

What are the arguments advanced against the bill by some of the newspapers? The Virginia Chronicle opposes it because it shares with the Enterprise one-half the printing of Storey county and the Enterprise for like reasons does the same. The Gazette Publishing Company opposes it, not in the interest of economy, but because it hopes to get every dollar's worth of the printing of Washoe county.

But personal considerations should not influence the action of the Legislature in the matter. If the bill is fair and just to all it should pass; if it is not it should be defeated.

INDIRECT FREE COINAGE.

The silver men have unearthed a statute of the United States which may bring about free coinage through the use of Mexican dollars. The Act was passed in 1857 and is embodied in sections 2567 and 2568 of the Revised Statute. It provides that Mexican

coins shall be receivable at the United States Treasury and that the coins shall not be re-issued from the Treasury, but shall be re-coined into United States coins.

This Act has never been repealed and the silver men in Congress assert that under its provisions silver may be sent to Mexico and coined and the coins must be received at the Treasury when presented. It would be retributive justice if free coinage can be indirectly restored in the United States under existing legislation. The folly of sending silver to Mexico to be coined and bringing it back to the United States to be re-coined would be so apparent that even the gold men would be compelled to see it and join the silver men in passing a law that would obviate the necessity of having silver coined into Mexican dollars before it could be coined into American dollars.

A RAILROAD COLLISION.

Fatal Fires—Three Persons Burned to Death.

FATAL FIRES.

Three Persons Burned to Death. SCRANTON, Pa., February 14.—A fire this morning at Pricburg, three miles north of Scranton, destroyed two large double blocks, in one of which Jose Choporinski, a Hungarian, conducted a saloon. Choporinski's wife and 7-year-old child were burned to death. The loss is \$5,000, with little insurance.

CONNELLVILLE, Pa., February 14.—Mary Martin, a 4-year-old daughter of James Martin, who lives on Nigger Hill, near the Davidson coke works, met a horrible death last night. Mrs. Martin left the house about 7 o'clock, going over to a neighbors for a call. She left her four children playing together in a large room in which there was an open grate. The eldest of the children was about 10 years of age.

In romping about Mary was knocked into the grate, and the other children were so terrified that they did not have the presence of mind to go to their little sister's rescue. She fell face forward in the fire, and it seemed the harder she struggled to get away in her blinded condition, the more enveloped in the flames she got.

The screams of her brothers and sister attracted Mrs. Martin and a number of neighbors, but when they reached the house the child was burned to a crisp.

THE GING MURDERER.

The Defense Opens Its Side. MINNEAPOLIS, February 14.—The defense's turn in the Hayward murder trial came to-day. The prisoner entered the court-room smiling, and nodded to lady friends, and said, "Good morning, little mother," and kissed his mother. In the opening address to the jury John Day Smith called attention to a number of things the State had promised to prove which were not proved. Smith claimed that Hayward's insurance transactions with Miss Ging were all usual and in the ordinary course of business. Smith claimed the defense would prove that Blix lied when he swore he shot Miss Ging before striking her. He beat her head almost to a jelly, Smith said, before he fired a shot. It would be shown that Adrian Hayward was insane. Smith announced that the prisoner would take the stand in his own behalf.

A Bid for the Grain Trade.

SAN FRANCISCO, February 14.—The Produce Exchange to-day endorsed a bill to be submitted to the Legislature permitting the Harbor Commissioners to lease the ground along the city front for the erection of grain warehouses for twenty years, instead of from month to month as at present, to divert grain warehousing into this city from Port Costa, where grain is now shipped and loaded on vessels. It is proposed that local warehouses will operate in conjunction with the San Francisco and San Joaquin Valley railroad.

Doings of a Cook.

SAN FRANCISCO, February 14.—Mrs. Mary Myers, an aged cook, was charged with poisoning the family of her employer by poisoning flour, in court this morning. The case was dismissed because Mrs. Myers, after placing the arsenic in the flour, had relented and informed her mistress, who not believing her used the flour, nearly dying.

Against the State Fair.

SACRAMENTO, February 14.—In the general appropriation bill the Assembly voted to strike out appropriations for the State Fair at Sacramento and for forty-three District Fairs throughout the State.

The McDonald Trial.

SAN FRANCISCO, February 14.—The testimony is closed in the trial of Dick McDonald for the Pacific Bank robbery. The District Attorney is making the opening argument for the prosecution.

CONGRESSIONAL PROCEEDINGS.

The Bond Resolution Defeated.

WASHINGTON, February 14.—The Post-office Appropriation bill was taken up. The committee amendment providing that the amount for postal car service be expended by the Postmaster General was made the subject of a point of order and by yeas and nays was ruled out, 39 to 17. Vilas' proposition for the Government purchase and operation of railway postal cars was laid on the table, 51 to 10. Blackburn's proposition for a 10 per cent reduction of the present railway postal rates was laid on the table, 42 to 19. This disposed of all proposed changes in the railway postal system.

The result of the first call of the House on the bond resolution was: Yeas, 109; nays, 157. At the third reading of the bond resolution it was refused by a vote of 171 to 165, which is practically a defeat of the resolution.

MINISTER HENRY GOING EAST.

He Accepts a Call From Chicago. SAN FRANCISCO, February 14.—Rev. J. Q. A. Henry, Pastor of the First Baptist Church, and leader of the A. P. A. movement in San Francisco, and a prominent worker for municipal reform, has accepted a call extended by LaSalle Baptist Church, Chicago. It had been announced that he would decline the call, but his resignation was read at a meeting of the congregation to-day. As soon as Rev. Henry recovers from his present illness he will remove to Chicago.

Railroad Collision.

PITTSBURG, February 14.—Two engines on the Castle Shannon Railroad collided last evening in a tunnel near Monongahela. Five men were hurt, and an engine and twenty-five cars demolished.

Accepts Mexico's Conditions.

CITY OF MEXICO, February 14.—Mexico's conditions have been practically accepted by Guatemala by guarantees of fulfillment.

MORE PENSIONS.

The Only Way Nevadans Can Get Anything From Uncle Sam.

Congressman Newlands has secured a pension for Joseph Thompson of Ely with back pay from June 10, 1891. He has also had the case of Joseph Stanley of Reno advanced. As the Government will appropriate none of the public funds for improvements in Nevada it is to be hoped that every old soldier in the State will get a pension, as that is the only way we can get anything from the Government.

James E. Phillips Buried.

Funeral services were held over the remains of the late James E. Phillips yesterday at the residence on Center street. Truckee Lodge No. 14 and Nevada Lodge of Rebekahs, I. O. O. F., of which deceased was a member, took charge and escorted the remains to Truckee Lodge Hall where the impressive ceremonies of the Order were held. The remains were buried in the Odd Fellows' cemetery, and were followed to their final resting place by a large number of members of the Order and friends.

The Work Progressing.

This morning H. Bertram of San Francisco, an expert in the construction and maintenance of ice-making machines, will have arrived to erect the huge ice-making and refrigerating apparatus for C. Becker's new lager beer brewery, on Sierra street. The work will take at least two weeks' time, at the end of which Mr. Becker will be able to furnish all his customers, especially of the fair sex, with souvenir ice blocks imbedded in the center of which will be roses, violets, sagebrush and other floral emblems of Nevada. Look out for the novelty.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best product to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. Only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg and doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold at S. J. Hodgkinson's drug store.

In Cold Weather.

The most effective method of preventing roughness, chapping and breaking of the skin is to use Cocona Balm. A few applications will render the skin soft and smooth and it costs only 25 cents per bottle. It gives satisfaction to all who use it.

Act to authorize the Trustees of School District No. 10, in Washoe county to issue bonds for school purposes. Ordered engrossed.

At 3:45 Assembly adjourned.

INCIDENTS.

Lieutenant Governor Sadler returned this morning from his visit to Eureka. He was gratified to observe that the seat of Government had not suffered from his absence, and mounted the rostrum again as President of the Senate in good style this forenoon, presiding with his usual dignity and effectiveness. Unlike some of his predecessors Sadler never has to call upon somebody else to preside in his place. He understands the situation and attends to it. And he will be on hand at the inaugural ball dressed in his best suit of clothes.

An erroneous impression prevails that the Legislative session is limited by law to forty days. The real Constitutional limit is sixty. The last Legislature, two years ago, talked of limiting the session to forty days, but concluded to extend and finish up in fifty days. The present Legislature can, if they choose, repeal the Act of two years ago and play the game to the full limit, sixty days, all of which is among the possibilities. Thus far they have had little to do and have busily done it, but it is hard to tell how much business of importance may pile in on them at the latter end, compelling them to run ten days longer than the last session. Eight dollars a day is not to be scorned at these hard times.

The Carson Minstrel Company appearing in Reno next Saturday evening will be a very agreeable surprise to the critics of the Riverside burr. The grand mechanical and scenic effects introduced in the unrivaled "first part" are as ingenious as they are magnificent, and the grotto scene with its gorgeous moving changes and varieties under the calcium lights was never before witnessed on the Pacific Coast. The acrobatic part of the entertainment

by Johnson, Wilson and Ross comes up to the professional standard, and the Indian club swinging by the ladies of the Carson Turn Verein Association is one of the most attractive features.

Last evening a good looking newspaper man in Dempsey's reading room had just left his chair by the stove when bang came a 45-caliber bullet through the partition from the drug store adjoining, and lodged in the opposite wall. Had the journalist kept that bullet right in the neck. It was the old story of a boy handling a gun. Parties rushed into the drug store to find out about it, and he smilingly assured them that nothing was hurt, only a bottle of paragon smashed. The hole in the partition amounted to nothing. The idea that a room full of men were on the other side didn't seem to concern him a bit. A. D.

A DOUBLE ELOPEMENT.

The Ohio Idea of the Marriage Relation

A dispatch from Napoleon, Ohio, says that John Rolin, living just over the line in Putnam county, married the Widow Dylring, who has a daughter aged seventeen. John eloped with the daughter, and the wife, in order to play even, has eloped with John's twenty-three-year-old son. Both father and son are wealthy farmers, owning large tracts of land. The father and his inamorata went East, possibly to Pittsburgh. The wife's attorney has already filed a petition for divorce and the old man's lawyer will doubtless soon receive instructions to file a cross petition.

The Christopher Columbus Society.

Last Sunday and Monday the various local Italian societies congregated at the annual reception of the Christopher Columbus Benevolent Society, held in Virginia City at the residence of Chas. Noco, President of the Storey county association. Over sixty of the Italian residents of this part of the State were in attendance, representing numerous local affiliated assemblages.

The Italian Benevolent Society of Reno was represented by ten members, headed by the President, Mr. Felice Vogliotti, who was chosen as president of the banquet and officiated in his customary genial manner. After the usual sky-scraping ceremonies of all secret societies, the guests sat down to a sumptuous banquet prepared at special request by Mr. Bartholomew Dellepiana and wife. Mr. Dellepiana is a renowned chef not only among his countrymen, but among all the Nevadans and Californians on this coast for the past thirty-five years. The center piece of the table, composed by him, was a representation of the caravel of Columbus, executed entirely of eatables, all of which were consumed by the guests before dessert. Everything was accurately portrayed. The body of the vessel was of hard boiled eggs, with masts built of various lines of vegetables, carrots, turnips, beets, etc. The sails were composed of the combs of a host of roosters whose corporal remains adorned the table and regaled the appetites of the guests.

In the near future a return banquet from the Reno Italian Benevolent Society is predicted.

Don't Forget It.

The Bankrupt Shoe Store has arrived and opened on Commercial Row, next to E. C. Leadbetter's, and will commence to-day, February 15th, at 9 A. M., to close out a bankrupt stock of ladies', men's and children's shoes at a reduction of 50 cents on the dollar on their former price. Burt's, Packard's, Buckingham and Hecht's and other leading brands will be sold at 50 cents on the dollar. All shoes are marked in plain figures. Just 50 cents on the dollar will buy them. All the ladies' French kid button shoes that were \$5 can be bought at this sale for \$2 50.

These low prices are made in order to close out every pair in as short a time as possible. Do not wait until the sizes are broken, but come at once. Anyone wishing to purchase the stock as a whole can do so by applying to the assignee.

Now is the Time.

S. Enrich is selling his apes, jackets and children's cloaks at prices regardless of cost in order to clear his stock. He is also selling blankets, dress goods and other dry and fancy goods at proportionately low figures. Now is the time to get bargains.

The Silver State has the following:

"The person who is employed in an editorial capacity on that highly moral journal, the Police Gazette of Reno, delivers himself of the following sentence in the last issue of that sheet:

"The rank and file of the people of community may consider themselves lucky that they have any head at all for Nixon and his head together with the 'Silver' party of Nevada in the saddle and riding rough shod over everything and everybody that is not engaged in packing grist to his mill."

"We have read the above forward, backward and between the lines, but have given up in despair what the idiot by whom it was written is driving at. This conundrum suggests itself: Should the Gazette editor be simply confined in the asylum, or sent to Warden Henderson's reformatory institute at Carson for the above quoted attempt to murder the English language."

MONSTER LOCOMOTIVES.

The Largest Ever Built at Albany.

The Schenectady works at Albany, N. Y., have turned out two monster locomotives, the largest and heaviest ever built at the shop. They are numbered 2010 and 2011, and are for the Central Pacific railroad. They were sent out in charge of Harmon Minkler of Schenectady and will be delivered at Sacramento. The engines are to be used in heavy mountain work. They have four pairs of drivers and two pairs of truck wheels. One of these engines weighs 178,000 pounds. The tender weighs when loaded, 81,000 pounds and carries 4,000 gallons of water and twelve tons of coal. The boiler is 72 inches in diameter and contains over 300 flues.—Truckee Republican.

SAVED HER SLIPPERS. A Bit of Hitherto Unpublished History of the War of 1812. This is a chapter of semi-official, semi-domestic history, and it is vouched for by a granddaughter of the hero's family line, a Chicagoan who now lives on Dearborn avenue. Prominent in Mr. Madison's cabinet sat, four score years ago, Secretary of the Navy Jones, the son of a famous shipbuilder, a man gallant not only in spirit, but in dress and manner. His fitness for his office is attested by the naval histories of the war of 1812. But the successful secretary had more wit than hair, and a wig was a sine qua non of his political and social life. All went well with this adornment until the luckless August day in 1814 when the British marched from Bladensburg upon Washington. It will be remembered that President Madison and his cabinet stood not upon the order of their going on that occasion, but went at once to a very retired summer resort. Every one knows how Lady "Dolly" remained behind long enough to save some valuable White House portraits from having their eyes put out by English bayonets, but few have heard how collected Mrs. Secretary Jones was in this national crisis. Presence of mind is said to be promoted by absence of body. This lady displayed in the face of danger presence of both mind and body. As the secretary emerged from his doorway, his hands full of such family valuables as his agitated condition had allowed him to collect, Mrs. Jones confronted him with the appalling words: "My dear, you have forgotten my slippers. You must go back and get them." General Ross was almost at his door bringing imprisonment or death, but the unhappy man turned back to hunt the slippers, which, it is only fair to Mrs. Jones to add, were adorned with diamond buckles. In his headlong quest for these treasures—which he secured—his wig, dropped off in a dark corner, and he did not dare to take time to hunt for it, but to attempt the purchase of another. The shorn appearance of the secretary, hitherto faultless in all appointments, is said to have very much lessened the melancholy of the cabinet journey. It is further asserted that during the time of retirement, no matter how depressed any member of the presidential party felt over public and private woes, if he but glanced at Secretary Jones peering upon pool of irresistible laughter, was sure to follow and that the respected Adams cordially joined in these bursts of merriment.—Chicago Tribune
